Stoughton Utilities Awards Public Power Scholarship

Stoughton Utilities recently awarded a \$1,000 scholarship to Stoughton Class of 2021 graduate Steven Benoy. Mr. Benoy was selected to receive the utility's Public Power Scholarship based on his essay submission about the advantages of Public Power.

"The scholarship program is a way for our locally owned, not-for-profit utility to invest back into the community," says Stoughton Utilities Director Jill Weiss. "We are very pleased to be able to reward the accomplishments of Stoughton's youth, and provide them with support as they pursue further educational opportunities."

Stoughton Utilities congratulates Mr. Benoy and the entire Stoughton High School graduating class of 2021.

Founded in 1886, Stoughton Utilities serves electric customers in Stoughton and the surrounding area, and wastewater and water customers in Stoughton.
